

## Inclement Weather Policy

The Montpelier School will make every effort to provide students the opportunity to learn and to follow legislative intent with the school calendar requirements listed in the North Dakota Century Code. The following chart will be used in the event of weather-related school closures. The Board recognizes that face-to-face instruction is the preferred method of instruction, but it might not always be possible due to inclement weather. Typically, this chart will be followed when making decisions regarding inclement weather and school closure. However, the superintendent shall have the ability to make decisions related to school closures based on the severity, duration, school preparedness and advanced knowledge of inclement weather.

Event	Classification	Explanation
Event 1	Storm Day	Forgiven by Board.
Event 2	Storm Day	Designated storm makeup day will be used.
Event 3	Storm Day	Designated storm makeup day will be used.
Event 4	Storm Day	Designated storm makeup day will be used.
Event 5+	Virtual Learning Day	Virtual learning will be held instead of physical school.

End of Montpelier School Inclement Weather Policy..... Adopted 04-12-2023
